INT. TOY STORE - FUNKO SHELVES - NIGHT

Store lights are on. No one is in sight.

Funko toys sit on shelves. At the top and in the center is FREDDY FUNKO, a pimple faced redhead wearing a crown.

Funkos belonging to hit franchises surround Freddy. Some of the franchises include: *Jurassic Park*, *Masters of the Universe*, *Scott Pilgrim Vs. The World*, and *The Thing*.

Shelves down is EDDY FUNKO; he's a purple and evil looking version of Freddy. The store's lights turn off for the night. Eddy's eyes glow purple. He grins.

INT. TOY STORE - FUNKO SHELVES - MOMENTS LATER

Freddy shakes and gains consciousness. He hears sounds of a battle raging below. He peers down at:

An all-out war of funkos! RICK O'CONNELL, from *The Mummy*, runs away from a raptor chasing him. MICHAEL KNIGHT, driving in K.I.T.T., chases after the UFO from *Nope*. XENA swings her sword at CHUCKY and SKELETOR.

Eddy stands atop a Playstation 5 console. He laughs as he takes in the fan-centric battle of good versus evil.

Freddy stares at Eddy. His eyes narrow. He punches his way out of his box. He sees MARTY MCFLY holding a hoverboard a shelf below. Marty tosses Freddy the board.

Freddy lands on the hoverboard. He skates towards Eddy. Right through the funko war! He reaches the Playstation.

Eddy stops laughing. He glares at Freddy. Freddy leaps at the cords to the system and begins to climb his way up.

Mummies and Cyclons, from *Battlestar Galactica*, climb after Freddy. They reach to grab Freddy. Freddy barely maintains his grip and kicks them off.

Freddy pulls himself onto the Playstation. He and Eddy lock eyes. They charge at each other, ready to fight.

A WIDE SHOT shows a battle between the hit franchises.

Off an ACTION SHOT, we TRANSITION to a gameplay MONTAGE for the video game *Funko Fusion*.
